

## SPANISH BUNCO GAME WORKING

The old Spanish bunco game which was exposed by the consular department at Washington twenty years ago appears to thrive and flourish as briskly as ever judging from a letter received yesterday by William P. O'Meara of the Bankers Divide. The letter is identical with the one exposed by the government in its warning and reads as follows:

Madrid, May 24, 1919.

Dear Sir,

Being imprisoned here by bankruptcy I beseech you to help me to obtain a sum of \$38,000 I have in America being necessary to come here to raise the seizure of my baggage paying to the registrar of the court the expenses of my trial and recover my portion containing a secret pocket where I have hidden two checks payable to bearer for that sum. As a reward I will give up to you the third part, viz 12,666 dollars. I cannot receive your answer in the prison but you can send a cablegram to a person of my confidence who will deliver it to me addressed as follows: "Luis Fuentes, Lata Telegrafica Pampolona, Pampolona, O'Meara."

Awaiting your answer so I must send you all my secret now I sign only B de S. First of all answer by cable; not by letter.

Mr. O'Meara prefers the Divide to Spanish mysticism for investment purposes some did not send the desired money.

### THREE ARE HURT BY MOTORCYCLE

While riding on a motorcycle which was traveling at a speed of about twenty-five miles an hour, three well known Elko county men were seriously injured, Wednesday evening, through an unusual accident to their machine. The boys, Jess Harris, son of Sheriff Harris, Howard Ball and Raymond Gubin, had reached a point opposite the Elko Gravel and Graveling when the frame of their motorcycle suddenly collapsed, throwing the three heavily to the road.

### IS DOING WORK FOLLOWING INJURY

After being directed the work of the mine and Donohue lease through the shift foreman, W. E. Bright and Max Silva, although Mr. Ball is still confined to a strait jacket looking sickly in the Alexander hotel, picked up with pillows Mr. Ball has been using the bed for a week and has been busily auditing bills, writing letters or making checks. Many visitors are in and out all day on business or social callers and business matters are now handled with dispatch. This week Dr. J. D. Campbell permitted him to walk a few steps with the aid of crutches and yesterday he appeared on the porch of the hotel for the first time after his accident, so it will not be long before he is again seen on the streets.—Elko Record.

## BACK TO NEBRASKA AFTER ABSENCE OF 30 YEARS

S. M. McCormick, locator of the Belcher and now acting as superintendent of that company, left this morning in his high-powered Cadillac eight for his old home in Palisade, Neb., which he left thirty-three years ago to make his own way in the world. Mr. McCormick is accompanied by his wife and three daughters and will make the entire distance including the trip over the Rockies in his own car.

The father of the Belcher, which promises to be one of the leading mines of the Divide district, struck out from home under modest auspices, traveling 30 miles from his home to the nearest railroad station. A neighbor whom he met inquired where he was going and the lad replied: "I'm going west to make my fortune." He is now returning to prove to the family that he meant what he said. Since leaving home his father died but the venerable mother is there still to welcome the wanderer. Also there are numerous sisters married and happy surrounded by families of their own in whose wondering ears the story of the Divide will seem like a fairy tale.
